existence, and for magnificent Love to be ever and always present throughout all relationships.

and all lives...and catalysts to a great shift upwards around the earth.

So now, let us enter the Temple of Divine Love, which is already within each and every one of us.

~

Our topic is one of the most sublime subjects, Divine Romance and Perfect Partnership.

You know, from God's point of view, the entire universe is constantly engaged in a cosmic romance. From the tiniest atom to the most consciously evolved beings, Love is continuously enacted and exalted.

Let us consider the following thought:

*If we really knew, that Love is all there is, and is the totality of what we are, now ~ that this Love is truly all that exists; and that all of life is for the purpose of establishing the quintessential majesty of this Love that we are, then we would never have to die to find it out.*

**What is the Divine mystery and quintessence of God ~ called Love?**

**Love!**

Everywhere we look, Love is manifesting its sublime life-

giving virtues and powers. Love is the condition of supreme ecstasy, sought after by mystics in the sacred pursuit of perfect union with the *Universe, God and All*. Love is the bliss ~ yearned for by every living Soul. Soul mates seek their significant other, throughout the many mansions of the Universe. Parents stretch across time and space of generations, and extend Love's limitless empathy and compassion to bridge the gap and understand their children...friends esteem and hold the Light of appreciation on one another ~ helping, communing, sharing, supporting and developing a fortress of Divine friendship of enduring qualities. Artists are swept up in the glory and the fervor of *Divine Creation*. Nations seek to harmonize with nations. From macrocosm to microcosm, Love is going on. Love is the eternal buzzword ~ the constant hum of beingness, resounding throughout the Universe.

**How to love? How to find it? How to be it? How to give it?**

Love is the very essence of our Being ~ that unconditional and sublime stuff out of which we are made; and which, we are always seeking to bring out and experience more of. Love is life, and the moving spark of every creative impulse, bringing forth children, creative ideas, and all bliss out of the fountain of its very own being.

**Why is Love and its awesome graces so heralded ~ so primary, so present?**

If not, that it be ~ that Love is in fact, all that we are. Love includes the totality of our *Divine Natures*, and makes all things possible. Love is the nature of the Universe; and there is nothing is made that is not ~ Love. Ah, yes, Love is life ~ knowing no limits or confines to its great healing, harmonizing and producing powers. Yes, Love is life, that life which we are.

Jesus said:

*“To the Soul, who has loved much, much is forgiven.”*

Yet, our *God of Love* ~ progenitor of the entire *Universe of Limitless Life and Light*, cannot hear the prayer of the one, who fails to love. For selfish reasons alone, we cannot afford to find fault, to hate or even to hold in mind anything against any living Soul ~ indeed, not even against ourselves.

Let us celebrate our *Divine Essence and Love*, above all things. Even so, let us commit each day to Love and recognize the Immortal power of Love as us, in all, as never before. Let us embrace this quintessential virtue, as the *Absolute Law of our Life* ~ the singular Aum vibration of our souls ~ proclaiming Love to be the feeling basis, upon which we found all our feelings, and in which we ground our *Heart's Force*.

Let us choose to be Love ~ to express love and its sacred qualities in all that we do, say and be ~ and to receive of its graces, as it flows to us by means of others and all around...from the heights and depths of all existence, as we share the mighty quintessence with all in our world.

Let us not restrict this boundless essence to any person, place nor thing, for it is not Love's nature to be confined. Yet, we now expand this *Holy Essence*, of which we are, blanketing the earth in perfection...from our intimate and closest and most familiar loved ones ~ expanding outward and upward in an eternal ever-widening embrace of every living thing. For all of being is *God's Love* in action and manifestation ~ the very pulse and heart-beat of the Universe, breathing in and out of its mighty elixir. There is not a spot, where God is not vibrating at the majestic and all-consuming level of Love. Let us look beyond secret wars and conflict, greed and ambition, beyond all separative notions and concerns; and see that in and through all is *God's Love*.

Love is happening and unfolding and shall find its perfect place of resolution in all. It is inevitable by the very Laws of our nature.

And this is life by God's law of affinity and attraction, multiplying upon itself and increasing its good everywhere it goes.

Only Love is Life, and only Love can produce life, right out of itself...and all the self-existent Universal Principles that exist operate at their greatest level, when operated in the Highest Consciousness of Love.

Love is the Fulfillment of all Highest Law, and we know that thought creates our world. And when our thought and our activity, and our understanding is in alignment with the Way of the Universe, the Way of God, the Way of Perfection, the Way of Highest Love, our life ascends immeasurably ~ right here on this good earth.

Realize that all the hidden principles that we need to incorporate and establish in our life, are based on affinity, attraction, and everything that is Love. Even if you look at it from the purely scientific point of view ~ from the tiniest and most minute molecular level, you will see these Laws in action, and governing all.

Certain molecules get together with other molecules, compelled by this Law of Attraction, everywhere present. Human beings operate on a Law of Attraction, and through whatever the totality of consciousness and beliefs are...individuals and groups are attracted to one another. These Divine Laws of Attraction are present everywhere, undergirding all of life.

There are no accidents. This is not a haphazard universe. This universe operates on Principle, Infinite Principle and Law. And, by

this Law of Affinity and Attraction... molecules, people and whatever, merge together and produce something, out of themselves.

And this something, arising out of their connection, should be the epitome of Divine Love.

This Love, hidden in these Laws, multiplies upon itself, in its own inherent nature and by its own Higher and life-giving imperative... and increases its good, wherever it goes. And the fulfillment of Love, at the many different planes and levels of existence, is inexpressible joy to the entire Universe of Being.

So Love is really what it's all about.

And, the consummation of this sublime life power, power to give life, to birth forth worlds, this Love found in two Immortal soul-partners, twin flames of God, manifest and breathed out of the breath of God from the beginning... is one of the Highest manifestations of Love's living, resurrecting power... the ultimate phase of unification, preceding absolute cosmic union with the All in the All.

And so remember that in the beginning, God breathed us out ~ male and female ~ perfect. And we were meant to live by the Law of Attraction and Love. And we came into this plane, each one of us, on our separate paths to go on the journey of Highest Love and to project Love in all our ways, thus developing the Eternal and Immortal Body of Love within.

## CHAPTER III

### PART III

#### *“MANIFESTING YOUR DIVINE AND IMMORTAL PARTNER”*

**L**et us review your Highest Spiritual Tools for manifesting the perfection of Divine Romance ~ so that you will always know the radiant and perfect Way of certain emancipation and attainment. These are your eternal tools for walking the Immortal path of Love and ascending into your Godhood, like the mystical character Psyche, once again.

Now, you know, there is the myth of Psyche and Eros, or Cupid. And Psyche's parents, early on, were told that Psyche would not have a mortal marriage, that she was destined to have an Immortal marriage. And symbolically, Psyche was then dressed by her parents in black and in mourning clothes, symbolizing the leaving of all the past behind.

And she was brought to the top of the mountain, which to me symbolizes the renouncement or the phase of relinquishing the past, relinquishing the phases of mortal love.

And the elders said to the parents: “Psyche,” which is all of us, our inner subconscious mind, “Psyche is born of royal parentage,” meaning Psyche comes from Heaven, as we all do.

As the Christ said,

“We are in this plane, but not of it. Our home is Heaven. We are Spiritual Beings, who have come from Heaven into matter.”

Here, at the summit of the lofty peaks, Psyche was led through all the phases of initiation. And the phase that I thought was interesting took place at the top of the mountain, where she was then brought to the castle where her lover would be, and she was advised that she would not be able to see him.

Her Immortal marriage was to be with Eros, the embodiment of perfection, the God of Divine Love.

And in the beginning, Psyche was taunted by her sisters, who challenged this arrangement, “Well, you don’t really know what he looks like. And maybe he’s not a God.” Maybe he’s this, maybe he’s that. And Psyche got tempted by her sisters to break faith and to turn

the light on and to see who he was. And Eros fled.

Now later on, she indeed got him back. But the message in this is the importance of maintaining faith. And instead of trying to condition Love and to say it's got to be "this person," it's got to be "this way," "it's got to be the way I see it;" say, "Thy way. Thy will for the best be done."

And we know the Will of God, which is the total essence of Love, must be the Highest and Best beyond our greatest conception for ourselves...with no thought of punishment, denial, nor any of those kinds of hell ideas in our minds.

To be so strong in the midst and maintain that perfection of Faith in the still moments, when it hath not appeared, when nor eye has seen, nor ear heard... is to say that we indeed do rely upon Perfect Love to manifest our most cherished dreams and aspirations.

Prior to any important manifestation is the time when we need to maintain that faith and know the Divine Presence is with us, at work on the unseen plane, and is bringing forth the perfection for us, in due time, all that is good and true, and for our Highest Good and Fulfillment.

And so it was that later, when Psyche had matured and understood this Principle of maintaining Faith, Eros returned to her life, and they decided to fulfill the promise, and make Psyche a

God...and all the elders rejoiced in Psyche's return.

Isn't this what happens for us, when we return to claim our Heavenly Estate of Divine Love within. Psyche raised her consciousness to a more Godly state by reaching out to incorporate Higher paradigms through her being, and at a certain point, that was accomplished. And, at that very moment, her Godhood, her state of Divinity, was restored to her.

And thus, Psyche had a full marriage in the Royal and blessed state of Godhood with Eros, the God of Love. So I think we are all very much like Psyche, as we heal our subconscious minds in Faith and Love and climb that mountain of existence, and then we do attain the perfection of Love, and get to enjoy all of Love's Kingdom of Grace and immeasurable bliss once again. Every step leads us Higher. Every step prospers us more.

So in summarizing our tools, first remember ~ Forgiveness. This step is so very important, and an absolute requirement in Divine Law. It says in the Bible, "We must forgive." And Jesus knew the Law. He knew so profoundly the importance of this step. And, before he would perform a healing, he would always assure the individual, "Thy sins are forgiven thee," not because he was vain and thought he was God, but via the Father within

He knew the spirit of man had to experience forgiveness to experience good. So we say to our errors: "You are nothing" "Only

commitment to the new Divine State of Being is something. Only the new actions of any soul count.” We forgive ourselves our errors. And we move on, abiding by the Law of Forgiveness, and thereby cleansing our slates for new things to happen.

And realize, your freedom can happen in an instant. It does not have to take a long time. Stuart Wilde has a great saying, in response to the plaguing question that many have, while still in victim consciousness.:

“When will this thing leave me?” And the answer is: “When you let it go - when you let it go.”

Are you willing to let go of all that stuff in your past, known and unknown, for your new good?

It is really so simple to just let go, and particularly with the compelling force of consciousness now moving so strongly toward all attainments of Love... we can let go of that past like it never existed, like it never happened. And in fact, indeed, it never did.

Know you can let all the past difficulties go. You can be free right now. You can accomplish total freedom through overviewing and sweeping up all your past in the all-encompassing Light of Love and forgiveness and letting it go. And it is easy to do.

Now you have risen and entered the Kingdom of Bliss.....

where all possibility lays before you, rich in all the Divine qualities and attributes you have named.

Know that all kinds of wondrous manifestation shall be yours, as you build the Divine and Immortal Body of Love within...relationships that endure forever, and profound and transcendent gifts of your Divine Soul, always reflecting your unity with the sublime and the Unlimited One. Love is so Infinite, and need I say, “There is nothing that Love cannot do, and there is nothing that the stellar force of Divine Love cannot manifest”.

Thus, let it be that our commitment to be Love has resurrected us and made us whole. We are radiant, and when we open the door now in our consciousness to Immortal, Romantic Love, just like Psyche, we are raised into our Godhood once again and blessed by the Masters of all Love... Graced with the return of all that was always ours.

We have made the way for Divine Grace to appear and shower us with her blessings, and I know that each one has accomplished the transcendence of whatever limiting pattern has been in the way...and shall never return to the past.

In the Holy moment now, we ask for our Divine and Immortal Love, knowing he or she shall appear at the perfect time and place.

Let us ascend from within together...Up the sacred Ladder of Love.

And in these bodies, right on this plane, we shall erect our new crystal consciousness by being servants of Divine Law and Love. And we give thanks, morning, noon and night ~ for all the wondrous new good that is ours.

The most powerful and magnetic thing you can ever do is silently Give Thanks, morning, noon and night... that you do indeed attain this most desired state.

We are the lovers in whom God is very well pleased.

Henceforth, we treat everyone in our stream with Love, knowing we are building our Immortal Love body. We treasure all and cherish all as a part of our Universal Family of God, and always seek the good. We make the way for grace to appear in our lives with ease.

And in closing, let us do this meditation now on the meeting of you and your twin flame in time and space, in whom all aspects are perfectly balanced.

The masculine/feminine being is now balanced in you, therefore in this person. Wholeness is complete in you, therefore in

this person. This is the one that you have always loved, and you are free to love each other anew and right now.
